

National Assessment and Accreditation Council (NAAC)
Student Satisfaction Survey on overall institutional performance
(2022--2023)
Key Indicator - 2.7.1
Total No of Students: 881 and Total Responses Collected: 473

The Students Satisfaction Survey (SSS) is one of the very important and mandatory criteria set by National Assessment and Accreditation Council (NAAC). The objective of the survey is to find out the level of students' satisfaction regarding the curricular, extra-curricular and infrastructural aspects of the institution. The SSS by NAAC primarily focuses on Teaching-Learning and Evaluation, and helps to upgrade the quality in higher education. It collects in-depth and comprehensive data of a student's satisfaction with the teaching-learning environment of the college. The students responses are collected and analyzed based on the 21 questions framed by NAAC. After going through the questionnaire, one easily understands that the feedback collected from the students is definitely useful for streamlining the various services offered by the institution. The survey has been designed by experts to assist the educational institutions to define success and improve the quality in teaching and learning.

The NAAC SSS questionnaire aims at collecting factual opinion of students on various aspects such as curriculum, completion of syllabus, preparedness of the teachers, reaction of the students regarding pedagogy, attitude of teachers, transparency and fairness in internal evaluations, placement possibilities, curricular and extra-curricular activities, overall impression and suggestions about the college. Each question in the survey aims at fulfilling one or the other educational goal. This important evaluative exercise definitely helps to improve the quality of teaching and learning.

The Students Satisfaction Survey was conducted by a team of teachers of Rabindrasadan Girls' College in the month of April, 2023 for the session 2022 – 2023. The questionnaire adheres to that of the questionnaire framed by NAAC under criterion-II of Teaching-Learning and Evaluation, key indicator – 2.7.1. As the college is a girls' college, the survey covered 473 active girl students from arts stream based on random sampling who responded to the survey through on-line form and their responses were recorded. The responses from the 473 students are electronically tabulated for analysis and the results are presented below through pie-diagram in excel format.
